

AEA Calendar Survey 1

To plan for the possibility of snow days which option would you prefer?			
		Response Percent	Response Count
One scheduled make-up day. (Would be used to extend Memorial Day to a four day weekend in the event that there is no snow).		25.7%	103
Two scheduled make-up days. (One day to occur the Friday before President's Day. The other built in snow day to occur on the Tuesday following Memorial Day. Staff and students would be in school for the Tuesday-Friday of President's Week).		51.6%	207
Five scheduled snow make-up days. (Four days to occur within President's Week; one day to occur the Tuesday after Memorial Day. If there is one snow day to make up, it would occur in May on the Tuesday make-up day, providing staff with a three day Memorial Day weekend. More than one snow make up day would be made up during part of Mid-Winter Break, preserving the 4 day Memorial Day weekend extension).		20.4%	82
No scheduled snow make-up days. All snow days will be added to the end of the school year calendar.		2.2%	9
