

## **Auburn Education Association**

*Making Public Education in Auburn All It Can Be!*

### *Technology/Classroom Supplies Reimbursement List*

Your AEA bargaining team is proud to negotiate a one-time \$600 technology stipend, inclusive of any items for which you were previously reimbursed. It is important to know that this is a **ONE-TIME** reimbursement, and it comes out of your \$500 tuition reimbursement (plus \$100 when you move into hybrid)

- If you have already received a reimbursement from the distance learning MOU up to \$250, you may submit receipts for the remaining amount of money from \$600.
- Please note, that you may still set aside some money for tuition reimbursement, but it comes out of this money (up to \$500 for tuition reimbursement).
  - If you are planning on taking PD in the summer and want to be reimbursed, be sure to save that amount from your \$500 tuition reimbursement.
- The additional money for technology or supplies that was bargained is under the **PK-5 HYBRID MOU only**. Elementary staff may turn in receipts in when you move into hybrid.
- Your bargaining team continues to bargain the Secondary MOU language

*The items that will be approved:*

- *Apple MacBooks*
- *headsets*
- *microphone*
- *docking station*
- *webcam*
- *document camera*
- *laptop/desktop computers*
- *monitor stand*
